Inishowen: Hidden Origins

Inishowen: Hidden Origins is an RPG by Cube designer—a talented multitalented person from Japan—under the guidance of ArchSark, who made Final Fantasy X, and directed Cube and its first attempt at strategy simulation (Cube and Goblin Kingdom).

They made, Cube-like RPG, but it is a complete new universe to them. They made it not only because they wanted to make a “Pure RPG”, but also for the experiment. To do a strategy game when they are Cube, who are known for Final Fantasy, they made a strategy game that is nothing but pure RPG, and also to search what a strategy game is all about, and what is pure RPG.
