Fifa 22 Features Key:

- FIFA Ultimate Team - The game's brand new, all-new "FUT" mode allows you to create a team from a squad of real-life players. You'll then play through developing your own team in a new story mode.
- FIFA - A whole new season brings new dangers and new rewards. You'll be able to play with your top players from last season. New tournament-based game modes give you a fresh change of pace. Play it easy, quick, intense, or classic, and conquer your league, playoffs, World Cup or UEFA Champions League.
- New Player Movements - 34 new, more accurate animations allow you to perform more natural, game-like movements. Head-to-head, corner and off-the-ball challenges feel more lifelike. New animations put the ball in even the remotest of spots, so you can foil the play that's about to happen before it even starts.
- New Physics - Your moves are accurate, your competition is demanding, and the ball responds to your every touch. Now, with new ball physics, situational intelligence and more, every game feels more realistic. Every tackle, header, dribble and pass as precise and as demanding as you are.
- New Matchday Atmosphere - FIFA fanatics new to the series will be blown away by dynamic game day atmosphere updates that are a first for the franchise. Retake control over the matchday or let the Manager do it for you; add or take away players and game types, and decide which playstyle suits your team best.
- New Multiplayer Features - Four new and enhanced multiplayer modes along with new UI options for experiencing the game with your friends; all in a refined yet enhanced co-op gameplay experience. FIFA 20 2K17 is the most fully featured game yet.
- Live The Game -
 - Live with The Rapids - If your team needs a boost, make them feel like they're living the moment as never before. Introducing the brand new new player that has, without a doubt, defined his club in the last few years: THE RAPIDS. HIS story awaits.
